

ENROLMENT PROCESS 2027

"Learning with purpose, growing
through connection"

NGURRAGA SCHOOL ENROLMENT PROCESS

Step 1: Contact Your Zoned Local Primary School

Use the Find My School service to identify and contact your local primary school. [Find my School](#)

Step 2: Cognitive Assessment

Your local primary school will assist in arranging a full cognitive assessment to determine whether your child meets the criteria for an Intellectual Disability diagnosis (This is not an autism assessment). This process can take a while so the sooner you begin, the better

Step 3: Verification Request

Once the assessment is complete and the final report received, your local primary school will submit a Verification Request to the Department for approval to attend a specialist school setting. At this stage, you will be asked to nominate your preferred special school.

Step 4: Verification Outcome

The Department will notify both your preferred special school and your local primary school of the verification outcome.

Step 5: Offers Made

If verification is approved, your child will then be considered for enrolment at your nominated special school. Please note that all enrolment offers are made in accordance with the school's Enrolment Policy and the availability of places. The Enrolment Policy can be found on the [Ngurraga School Website](#).

Step 6: Ngurraga Round One Enrolment Offers

Round One enrolment offers for Ngurraga School will be made on Friday, 9 October.
